Introduction

Greetings. I'm going to open and close this exposition with excerpts from "RECKONING OF THE RECONSTRUCTION", a poem first recorded in 2018. In between, I have an important message to share about a man named **Lone Wolf**, and his pursuit of true PROSPERITY, Economically, Ecologically, Socially and Spiritually ... and how, TOGETHER, we can and will achieve it.

• from "RECKONING OF THE RECONSTRUCTION":

"John Paul became Jones
to Resist the throne.
It started with a Tea Party –
Sam Adams' Revolt against a tax.
Nathan Hale took the noose.
Ben Franklin talked to France.
Lafayette helped Washington win just once
which was enough
to raise a new Flag.

We bled to 'Live Free or Die',
but now the edge is long gone.
It really lasted only Twenty years.
Jefferson resent Lewis to govern the Purchase,
but Burr had different ideas:
the Indigenous Profound didn't fit the plan.

Monroe's Doctrine was a scam,
Manifest Destiny a selfish hoax,
canals, railroads & boats.
True Abundance deny:
"Don't do what we just did,"
hooked by our own myopic lie,
we bought the myth.

FIRST NATIONS, BROKEN TREATIES,
TRUE RICHNESS SNUFFED OUT

Illiniwek, Lakota,
Ojibway, Palouse,
Navajo, Cherokee,
Toltec, Sioux.

Salmon, Big Sky, Buffalo,
Cascades, Rocky Mountains,
dam the Rivers' flow.

Red Hebrews discarded -
Diaspora, don't you know?

MEGA FIRES
PATCHWORK GONE
UP IN FLAMES
BURN AWAY

It's the end of America
as we knew it,
and I feel sick."

The heart of my message is divided into 3 parts:

1/ The Foundation, 2/ The Shift, and 3/ The Correction.

1/ THE FOUNDATION

An important work was published in 1776, and I'm not talking about the Declaration of Independence. After spending over 40 years living and working with the Cherokee and Choctaw in the modern Carolinas and Georgia, James Adair writes "HISTORY OF AMERICAN INDIANS", as an unbiased 'field report' back to England.

In his First Hand Account, Adair praises the virtues and ethics of the Aboriginal First Nations, and recommends that the venerable 'RED HEBREWS' be honored in fair trade and commerce.

< THE BOUNDARY MARKERS WERE SET >

1787: Article 3 of the NW (Ohio River Valley) ORDINANCE establishes 'Moral Justice' in "Alliance" with the Indians, and to 'protect them from the damage of intrusive American settlement';

1787: Later that same year, the US Constitution is ratified:

- Art. 1, §8, Cl. 3 • assigns “SOVEREIGNTY” to Indian Tribes;
- Art. 4, §3, Cl. 2 • assigns our responsibility and duty to steward the land and its inhabitants;
- Art. 6, Cl. 2 • defines the Constitution itself and ALL TREATIES, including those with Tribal Nations, as the “Supreme Law of the Land”.

< THESE LAWS HAVE NEVER BEEN REPEALED >

2/ THE SHIFT

So, quoting SmashMouth from “Walkin’ On The Sun”, “Man, what the hell happened?!?!?”

1823: THE MONROE DOCTRINE (a.k.a. ‘Manifest Destiny’) is motivated by the false “savage” narrative to rationalize license to steal from “barbarians”;

1871: THE APPROPRIATION ACT is paved by a rider of abrogation of the “capacity” of Aboriginal Tribes & Treaties;

1887: THE GENERAL ALLOTMENT ACT (a.k.a. ‘Dawes Act’) breaks up Indian Reservations and allows settlers to claim **Tribal Land**.

All of these Anti-Constitutional policies destroyed the pillars of Continental Law by “legalizing” illegal and immoral actions.

1901: One Man, **Lone Wolf**, a Kiowa Chief in Oklahoma, stands up against the pernicious and destructive and illegal tyranny;

1903: in *‘Lone Wolf v. Hitchcock’*, SCOTUS rules Anti-Constitutionally that “Congress may abrogate any Indian Treaty at will”, opening wide the floodgates for the assumption of **plenary (absolute)** power to the USA for “legalized” illegal occupation and exploitation.

This incredible decision had, and still has, momentous consequences for Aboriginal American Indians and eventually, for Native people in overseas American “possessions”, for whom the oppression had only just begun:

1889: Samoa;

1893: Hawai’i;

1898: The Philippines ... etc.

1999: BLUE CLARK, a Law Professor in Oklahoma City, writes a clinical reckoning of the Lone Wolf case and its impact. In “LONE WOLF VS. HITCHCOCK: TREATY RIGHTS & INDIAN LAW”, Clark stands in the gap to remind us what was lost.

TODAY, I'M TALKING SO THAT WE MIGHT WORK TOGETHER TO TAKE IT BACK!

OK, so what's next?

Victimology's lame. What are we gonna 'DO' about it? Because seeing a problem and just complaining about it is called being a jerk. Right?

But SOLVING it – RESTORING Truth & Justice – that's called Love. Because Only Love transcends the risk. Only Love has the grit to resist hate.

3/ THE CORRECTION

All right, so what's the fix? How can we ensure that Lone Wolf's Legacy counts?

Hold on! Wait a minute. Why do I even care?

I'm the epitome of "Whitey", right? JOHN SMITH. Well, things aren't always as they seem ...

1st: spiritually and genetically, there are unbreakable connections that James Adair discovered;

2nd: morally, 'NO MAN IS AN ISLAND', as John Donne penned, and Ernest Hemingway echoed, "Don't ask **For Whom The Bell Tolls**, it tolls for thee", and

3rd: inspirationally, THIS is MY 'WOUNDED KNEE'. I'm referring to the site of the 1890 Massacre, and the 1973 federal occupation on the Pine Ridge Indian Reservation of Western South Dakota. I've been to Wounded Knee – it's a sobering place. I highly recommend the iconic memoir, "*Bury My Heart at Wounded Knee*".

STAY WITH ME NOW.

Eight years ago, I'm running all over the world with patented Tools of Applied Natural Science to REfine pure Energy, Food, Air and Water to fight poverty and pollution with the Real Ideals of "Sustainability & Justice".

I've been integral to hundreds of award-winning projects and my companies had (and still have) contracts on all 7 Continents to empower people everywhere to live, and Live Abundantly!

On a Sunday night, I go to sleep in my own home and get attacked by a drunk imposter planted by the Vancouver Police. I phone for help and flee the chaos – but I had no idea that I'm already trapped as a political prisoner.

At my fraudulent arraignment, a prosecutor screams, "This man is a licensed Engineer, he sends Bible verses to his children, and he's planning to clean up Lake Vancouver – WHO DOES THAT?! We need to lock him up!" And that's exactly what Vancouver (not B.C.), Washington (not D.C.) does.

No Probable Cause. No Discovery. No Plea. No Jury. All Real Evidence Proves the Scandal. In a totally Anti-Constitutional act of Tyranny ... *ringing any bells?* ... I get sentenced to 12 years for a crime that didn't happen.

I find out later that within 1 week, the Washington State government stole everything: assets, bank accounts, properties, even my Identity!

But you know what? Sometimes, I have to smile, because "BLIND THIEVES CAN'T REALLY STEAL A VISION".

Because the only language they know is "take", but I speak "GIVE!", to use my gifts to serve the world.

So, yes, my own country "Buried My Heart at Wounded Knee". But the BOOK I read says, "Unless a grain of wheat falls to the earth and dies, it remains alone. But if it dies, it produces much fruit."

So, we've been positioning to 'Emerge With Advantage' in what my late Father called 'The 21st Century Joseph Effect' – you know the story, from Genesis, where, in this case, the hypocritical government planned evil against me, but it's being turned to good to revive the lives of many people.

DEEP IMPACT.

I only have time for one real-time Application, and it's a big one, with momentous ramifications: "THE CENTRAL NATIONS REFINE".

I'm talking about restoring Quality Of Life (QOL) back to the Arapaho, Crow and Sioux Nations in the Powder River Basin – between Yellowstone in Wyoming and the Black Hills of South Dakota – the largest coal reserve on earth, and a region that's reeling, Economically & Socially.

See, my **HELIX coalZERO**[®] process is just one of over a dozen patents "Representing the Future of Energy, Food, Air & Water for the Whole World"[™]. This uber-efficient Clean Coal Conversion Technology produces ZERO pollution and ZERO waste of ANY kind.

IT will revive the desperate PRB region because it eliminates ALL pollution by harnessing the ultimate fuel 'Hidden in Plain Sight'. That's right, the CO₂ (Carbon Dioxide) that all the world's in a Foolish Fever Pitch about is, in Scientific Fact, one of the Vital Resources for the 'Holy Grail' of food production: PHOTOSYNTHESIS!

So, where the "lie of lack" says, "Suppress the Natives even more under the banal bromides of an empty 'Green New Deal' that mocks accurate Natural Science, I say, "Lift up the Aboriginals on my back!" Because, TOGETHER, we can and will REALLY "Go Green" with the "**RND21**"[™] - the 'Real New Deal of the 21st Century', that plays the "**All Gain Sum**" with Real Hope, instead of the 'zero sum game' with false fear.

Hold on to your hats because the "**HELIX HEDGE**"[™] - buying high quality PRB coal 'low' and selling clean electricity and pure liquid fuels and fertilizers 'high' – will bring billions to the Indigenous First Nations who've been here for 3 Millennia.

LEVERAGE. BASCULE. PIVOT.

And that's the ECONOMIC LEVERAGE that's the Key to sustained POLITICAL AUTONOMY, which itself unlocks SOCIAL JUSTICE, all of which is the aim, the vision: to catalyze what Felix Cohen and George Grossman call "*The top legal priority for Indian Tribes today: a complete overthrow of the plenary power doctrine, and full recognition of Tribal Rights within the American Constitutional system.*"

Ironically, this paradigm was the ORIGINAL INTENT of the Founders. So, like many great social goals, RESTORATION is at the core of True, Durable and Sustainable Justice.

In fact, since the UN even used the US Constitution as the template for the UNIVERSAL DECLARATION OF HUMAN RIGHTS in 1948, wouldn't it make sense for us to at least uphold the principles?

And, with tools like **HELIX** coalZERO®, RESTORATION enables Going Beyond, to sustain truePROSPERITY™, Economically, Ecologically, Socially and Spiritually.

And, THAT's how we will honor LONE WOLF'S LEGACY.

Conclusion • in closing, back to "RECKONING OF THE RECONSTRUCTION":
