1. GREETING

Aloha Nui. Talofah Lava. Nee Ha. Komusta. Annyong Haseo.

It is an honor to be invited to speak here today. I am humbled and I am grateful.

Mahalo Nui. Fafatai Lava. Sia Sia. Salammat. Kamsa Hamnida.

2. INTRODUCTION

In 1943 Los Angeles, Pulitzer Prize winning author Pearl S. Buck challenged a Town Hall Forum:

"Because you on the West Coast face the Pacific and Asia, you among us hold the crux in your hands: you can, by what you decide, be a barrier, or you can be a Gateway, to a New & Better world for us and for all peoples."

Today, 80 years later, her words could not be more relevant.

Anchorage, Seattle, Honolulu, Manila, Pago Pago, Suva, Auckland and Panama City are especially pivotal places because the center of world geopolitical power has shifted to the PACIFIC, where a resurging Asia is racing back the other way, cutting across all of the GREAT POLYNESIAN TRIANGLE, the 'most extensive nation on earth'.

China is revitalizing its ancient maxim 'TIANXIA', or "all under Heaven", as it dynamically pulls all of Asia & Oceania back to the core of leadership in civilization.

As Parag Khanna of *FutureMAP* declares in his recent exposé on trends already too prevalent to ignore, "THE FUTURE IS ASIAN", and future winners will be those who 'best scale new technologies and business models'.

Today, I'm here to introduce you to *The Resonance®*, a powerful worldwide movement that is about Harmony & Alignment for TotalVictory, and how it has the Power to revitalize all of POLYNESIA.

It is MORE than a technology or a business. It's a core part of a MegaTrend that generates widespread Abundance by synchronizing **Authentic Stewardship** with **Good Natural Science**. As a Result, it creates **Social Justice** and **Spiritual Freedom**.

3. VANTAGE POINT

Asian+Pacific Islanders will be especially keen to embrace these durable ideals most Naturally because *The Resonance*® is ultimately about RESTORATION of Quality-of-Life: a Quality that a couple of centuries of exploitation have depleted.

Right? Haven't they?

1823: The Monroe Doctrine (a.k.a. 'Manifest Destiny')

a self-appointed license to prohibit the very independence the British Colonies had just won.

1848: The (NOT) Great Mahele

the 'legalized' illegal theft of Islands and all the annexations in the name of 'progress'

(1889) in Samoa,

(1893) in Hawai'i, where Thurston's Bayonet pierced Queen Lili's Heart,

(1898) The Philippines ... and the list goes on ...

***Imperialists play the 'zero sum game' tack.
They buy the fear of myth
To sell the myth of lack.***

The 19th-20th Century status quo thought it had the answers, but it's the questions it had wrong.

That's why it's left a trail of loss in its wake.

But the "All Gain Sum™" is Truth, because one side doesn't HAVE to lose for the other to Win.

Love Overcomes evil, because only Love can transcend the risk. Only Love has the grit to resist hate.

It's time for the 'Real New Deal of the 21st Century', the RND21™.

That deal, *The Resonance*®, is elegant in its powerful simplicity.

It starts with the Vision 2.S.E.E.™ the Bigger Picture because TotalProsperity demands success in all FOUR (4) of its Key Facets:

- ECONOMIC ABUNDANCE
- ECOLOGICAL SUSTAINABILITY
- SOCIAL JUSTICE
- SPIRITUAL FREEDOM

Right? Isn't that what **QUALITY OF LIFE** is REALLY all about?

The Prize is Greater than the price, but you must go all in, because if any single facet is missing, then success is incomplete and it won't last. And with all 4 aligned with **SOLIDITY**, we keep everything alive.

***"The Kingdom is Here.
Believe & Synchronize
With the Great News of
Grace & The Reign"***

4. SURVEY

OK, all of this sounds idyllic, but how do we get there?

In the famous Sermon on the Mount of Olives in East Jerusalem, JESUS OF NAZARETH chose His very last words on Purpose:

"If you want to make your life work, clothe the naked, feed the hungry, give water to the thirsty, heal the sick."

So, let's amplify in Resonance with Truth, ask the Right Questions, and face the Real "*Brix & MohrTar™*" challenges of the day:

**"What IF Air and Water were cleaner coming out of
power plants, factories and farms than going in?"**

**"What IF we simultaneously cultivate Abundant AND Pure Energy, Food, Air & Water TOGETHER
(called '*Polymath*' Solutions)
to annihilate the world's gravest challenges: hunger & dehydration, poverty & pollution?"**

All Right, let me check: Raise your hand if someone you love uses ENERGY, FOOD, AIR & WATER every day.
Of course - these are ubiquitous - they're Everywhere.

So, Now, keep your hand up if you'd like to **Build totalPROSPERITY™**, and I mean that Complete array of

ECONOMICABUNDANCE + ECOLOGICALSTEWARDSHIP + SOCIALGAINS + SPIRITUALVICTORY

by **CREATING WEALTH WITH A CAUSE** for your **Families** and **Communities** while meeting mankind's ESSENTIAL physical needs.

Great - I'm in the right place.

See, it's about ...

° Seeing whole Tribes and Nations and Islands stand with Authentic Resource Independence

° Watching Cities rise up out of sewage in the Rivers and Lakes, and garbage in the streets

° Hearing the laughter of Fathers and Mothers as their Sons and Daughters drink their own cups of clear, cold water

I'm talking about living life in H.D. KALEIDOSCOPE!

That's ...

☉ Mana O'ka Aina / "Life Force of the Land"

☉ Paniolo Kuleana / "Cowboy Responsibility"

☉ Wahee Pono / "Good Water"

☉ Magtagumpai / Tagalog for "Prosperity"

That's *The Resonance*®, and it all began in POLYNESIA at the turn of this Millennia ...

5. AMPLIFIED INDIGENOUS APPLICATIONS

<< Welcome to Ka Moku Nui, Owyhee, The Big Island! Island of Wonder: where you find 9 of the earth's 13 Climate Zones >>

In the early 21st Century, I was asked to "RECON the RESOURCES" of the State of Hawai'i. I found a region desperately vulnerable to 'The Diesel Proxy' for power generation - power stations fueled by liquid fuel that's not only expensive but also, because it's imported, all of its profits are exported.

The RESULT: the highest electricity rates in the free world crippling Island economies.

Enter the "**70s on the 7Cs**"™ (*"Seven Optimizations on the Seven Continents"*), now under the transparent corporate umbrella of **ConcentricDAO**, a *Decentralized Autonomous Organization* and a global **E.F.C.O.M.** (ENGINEERING + FINANCE + CONSTRUCTION + OPERATIONS + MAINTENANCE) company.

Everyday fuels and wastes we convert with ZEROmissions & 100%recovery include **woody biomasses** like the copious Eucalyptus groves on the Big Island and even faster-growing energy crops like Bamboo & Kelp, all grades of **coal, geothermal heat** without venting, **livestock manures, food processing wastes, oil & gas** for uberEfficient COMBINED HEAT, POWER & COOLING (**CHPC**), **scrap tires**, and even **Garbage & Sewage** - all with NOpollution and "**NO WASTE WASTED**"™. Advanced & Integrated **Wind & Solar** Technologies complement every installation.

Then, by combining our fleet of proprietary, state-of-the-art, pollutionFREE Energy Systems with **ADVANCED INTEGRATED AQUAPONICS**™ plus **PHOTOSYNTHETIC REGENERATION**™ of Carbon Dioxide (CO₂, which is a **RESOURCE**, NOT a problem), we produce food **30x** faster using **90%** less water and land than regular techniques.

THAT'S how we "***Represent the Future of Energy, Food, Air and Water for the Whole World***"™.

But CONCENTRIC is just the toolkit. ConcentricDAO is the paragon of the revolutionary business model of **COMPASSIONATE CAPITALISM** whose hallmark is **SOLIDARITY** through **MERITOCRACY**:

(A) MUTUAL INDIGENOUS OWNERSHIP + (B) SHARED EMPLOYEE STAKE + (C) PERFORMANCE-BASED INCENTIVES.

Island Nations like the **KINGDOM OF HAWAI'I, THE PHILIPPINES, SAMOA, TONGA, FIJI, GUAM, SAIPAN, SOLOMON ISLANDS, AOTEAROA (NEW ZEALAND), ALASKA ... ALL OF OCEANIA ...** represent the **BEST** applications because we can readily deploy every one of **CONCENTRIC's** Patented Processes in each region to provide **MAXIMUM** Energy Diversity which translates directly to **ROBUST RESOURCE INDEPENDENCE**.

**In other words, CONCENTRIC RESONANCE transforms
costly resource liabilities into Wealthy Resource Advantages!**

What's more, because these polymathic cleanTECH vanguards are inherently the best and most convergent pathways to enduring **Social Gain** and **Spiritual Victory**, they **ARE** the **harbingers** of **totalPROSPERITY**™ and the **FUTURE** of Energy, Food, Air and Water **EVERYWHERE**.

6. THE SYNCHRONIZED WAVE

Let me synchronize to catch the perfect wave and ride it home.

In the 1970s, the RE-Creation of the **Hokule'a** and the RE-Nascence of ancient navigation techniques by the Polynesian Voyaging Society catalyzed the "*Hawaiian Renaissance*". I see the "*Polynesian Resonance*" setting the pace for the whole world. If he were here today, "*Eddie Would Go*".

The region's greatest weakness – dependency forced upon it by exploitation for generations – will be its greatest strength as it emerges with Tremendous Advantage.

Just as Oceania has a rich heritage of Resource Independence and Thriving in Commonwealth, so the *Polynesian Resonance*® is, ultimately, just **RE-Discovery** of your Original Way Back Home.

Can you see Kamehameha Standing Tall? Can you hear his Echoing Call? ...
... for the Instauratio Magnus → "THE GREAT RESTORATION"?

"Ua Mau Ke O'ka 'Aina Ika Pono"

Are You Down?

"Ua Mau Ke O'ka 'Aina Ika Pono"

Are You Up?

The Life Force of the Land is Perpetuated in Righteousness.

Because humanity's gravest challenges are borderless – *hunger & dehydration, poverty & pollution, disease & climate* - and since Real, Proven and Practical Solutions really do exist right NOW, let's Begin Again so we can get on to building Real, Lasting **Quality-of-Life** everywhere.

Marijo Moore, indigenous author, wrote:

"The world is changing, but old ways can be modernized. That is the way of Growth."

It's always the right time to Align with Truth.

Best of all, the Resurgency has begun, and YOU can join it.

Each of us has a Role to play, so let's finally respond to Pearl Buck's great ask, and BE the gateway to a new and better world for us and for all peoples.

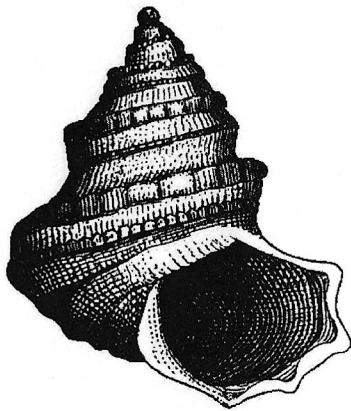

Rojo Eberim: Todah Rabah. Mahalo Nui. Fafatai Lava. Sia Sia. Salamat. Kamsa Hamnida.

THANK YOU.
