

"Welcome to *The Resonance*"[®]

a Speech Given @ Harbor Lights Toastmasters, Aberdeen, Washington
on July 31, 2019 by J. Garrett Smith, P.E.

§

Good Evening.

*Within a decade, 4 billion people will have heard about this speech.
You'll be able to say you were here.*

1. GET READY FOR TAKE-OFF

*"Give me your tired, your poor,
your huddled masses yearning to breathe free,
the wretched refuse of your teeming shore."*

Some of you recognize these poetic words of Emma Lazarus that are iconically inscribed at the base of the STATUE OF LIBERTY.

In the context of American politics, you might assume this will be a speech about immigration.

Don't.

Because it's about much more than that.

I'm addressing the Real Politic of Cultural Relevance.

2. I DEFINE MY MOTIVE

"Welcome to *The Resonance*"[®].

Tonight, right here in Aberdeen, is the Landmark introduction of the Greatest Era in World History.

Not only am I going to explain "WHY" that's True, but I'm also going to give each of you the unprecedented opportunity to be a part of it – to seize THIS DAY to change the world and, in the process, prosper beyond your wildest imagination ... and not just because of the magnitude of the Wealth, but because of the Depth of Purpose that galvanizes it.

First, let me explain the Power of Resonance so you'll understand the Richness of the Creed. Then, you can Apply the tools I'm giving you to set your highest Visions Ablaze.

"Welcome to *The Resonance*®"

RESONANCE = precision tuning
= amplified response
= feedforward control
= maximized output
= synchronization
= harmony,

with what Really Matters.

3. INTERPRETATION

Now, if you look at your handout, each a Numbered Certificate of your Presence commemorating this Moment, you'll see listed this Millennium's great movements:

- / *The Renaissance* (14th-16th Centuries)
- / *The Enlightenment* (17th-18th Centuries)
- / *The Industrial Revolution* (19th-20th Centuries)

Tonight, we define what's Next:

- / *The Resonance*® (21st Century →)

CONCENTRIC & its 7 OPTIMIZATIONS are vital links in the continuum.

As with any wave beckoning a surfer, there is a strategic timing essential to riding it. These ultra-stewardship technologies are the next progression to durable prosperity. Synchronization for totalSUCCESS™ that lasts ... It's Time.

4. WHY ALL OF THIS MATTERS

So, what does "Really" Matter?

You've heard me articulate how the Efficient Generation of Pure Energy, Food, Air & Water empowers us "2S.E.E." The Bigger Picture of reATHRIVING™, Economically, Ecologically, Socially & Spiritually – for individuals, families, communities & Nations ... for pandemic Regeneration of sustainableABUNDANCE™ for People & the Planet.

To manifest these game-changing results, we first must get aligned with the Concentric Razor that cuts Precisely & Powerfully:

Abundance Is Truth / lack Is a lie

Using the lens of that Accurate Worldview, EVERYTHING comes into ruby-LASER focus. Then, we can genuinely get on the real frictions of the day, and Fix them.

5. THE ONLY ACCURATE VANTAGE POINT

Although I believe in the maxim "don't diminish the day of small beginnings", THIS isn't small. I've done this before, for 3 decades on 7 Continents. This Sabbatical has been a radical period of precise recalibration to synchronize proven solutions to the world's most intense problems.

So, stay practical, grounded in what every one of us CAN do:

- (A) Understand that people aren't the problem: poverty is,
- (B) Wealth solves it, IF it's Compassionate and Truly Rich in Purpose, and
- (C) Real Leadership for Longevity is a Measure of SERVICE.

Then, and only then, we turn the Monroe Doctrine and every other false pretense of exploit upside down, and shatter the status quo that's left the whole world wanting.

Apply the Concentric tools of sound natural science based on elegant biomimicry, harnessing and fostering natural resources and wastes to be the world's low cost and cleanest producer of what every living person needs: Clean & Abundant Energy + Food + Air + Water.

In other words, radically solving the whole Earth's gravest physical problems, so we can get on to the more vital issues of knocking down walls of cultural ignorance by Optimizing not just Economics & Ecologics, but really Cultivating Social Justice, and Harvesting Spiritual Freedom. And, because Concentric Alignment is sustainable, *The Resonance*[®] is durable, which means it will last.

6. IT'S YOUR MOVE

So, do the research. The science is solid. The technology is proven. The Results are Real.

Understand that although it appears that evil might defeat good for a season, blind thieves cannot really steal a Vision.

Because the LANGUAGE OF LEADERSHIP, the LENS OF CONCENTRIC ALIGNMENT, the CODE OF *The Resonance*[®] is, quite simply, "GIVE", against which the worn out fraud of 'take' has no chance.

This very speech is proof that I'm parlaying adversity into Advantage. Know that I have gone to great lengths to shore up the defense of the gift, to build vigilance, to be "on the qui vive", to remain Alive, so that the Offense can thrive into the next epoch, the Greatest in Mankind's History.

"Welcome to The Resonance"®

Like a coiled spring in a Precision Catapult, we will launch farther, faster and with greater Range of Impact.

I'm giving you access to these remarkable tools for us to Accelerate & Advance, TOGETHER, Sensitive, Open & Strong against every form of lack, ignorance, fear and prejudice.

7. GAME ON

The prevailing status quo wants us to believe that there is no "away", where we can send our garbage, our sewage, our stack gases, our livestock refuse, civilization's wastes.

But we now say to ALL resources, to ALL humanity, "THERE IS WAY & IT'S WAY BETTER", so bring it ALL on!

Here's what I'm talking about - Carl Hoffman wrote about Kolkata, India, a city of 6 million people:

"The city looked like it had been scooped up into a big cup, shaken violently for a decade, and then dumped on the ground."

I say, "C'mon! Give it to me. Give me your squalor, your desperation, and we will revive it."

Many dismiss this as a platitude, a 'feel-good' but 'far-off' ideal. Out of ignorance, they cynically deny the Possible and oppose the Proven. But for me, and more importantly for us, Emma Lazarus poses a Real Ask for which we have a Real Answer, **NOW**:

"Give me ... your poor ... the wretched refuse of your teeming shore."

I say, "Give me your worst, your ugliest, the unwanted, the unsolvable."

THAT's Cultural Relevance.

And we will not just Fix them, we will Restore them to their Original Intent: we will empower them to Thrive.

Together, We Can & We Will Regenerate & Revitalize the whole world by re-aligning ALL OF IT to Resonate with truePROSPERITY™.

That Future Starts Now.

"Welcome to The Resonance"®.
